Section A: Foundations and Basic Commitments

The Williamsburg-James City County school division is committed to excellence in education, equality of educational opportunity, and the recognition of each student's individuality. Inasmuch as students differ in their rate of physical, mental, emotional and social growth and vary in their needs and abilities, learning opportunities are provided that are consistent with personal development and potential. Programs emphasize diagnostic and prescriptive instruction, allowing an individual approach to each student's learning style and educational needs.
