

Title: Instructional Goals and Objectives

Code: IA

Book: WJCC Policy Manual

Section I: Instruction

The Williamsburg James City County School Board ~~develops and implements~~ is committed to providing a comprehensive program of instruction for grades kindergarten through 12 that is consistent with the requirements of Virginia law and aligned-meets or exceeds ~~to~~ the Standards of Learning established by the Board of Education and that meets or exceeds the requirements of the Board of Education. Students are expected to achieve the educational objectives established by the school division at appropriate age and grade levels.

The division's program of instruction ~~shall~~ emphasizes:

- skills of communication including reading, writing, and speaking; ~~reading, writing, speaking~~
- mathematical concepts and computations;
- proficiency in the use of computers and related technology;
- computer science and computational thinking, including computer coding, and scientific concepts and processes;
- essential skills and concepts of citizenship, including knowledge of Virginia, U.S., and world history and world and United States history;
- economics, government, foreign languages, and international cultures;
- health and physical education;
- environmental issues; ~~and~~
- geography necessary for responsible participation in American society and in the international community;
- fine arts, which may include, but need not be limited to, music and art, and practical arts;
- knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and
- development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

The superintendent is responsible for implementing this policy consistent with applicable Board of Education guidelines. This policy and implementing regulations will be reviewed periodically to ensure alignment with the Virginia Standards of Learning, the Standards of Quality, and other legal requirements.

~~The school board shall also implement:~~

- ~~1. programs in grades kindergarten through three that emphasize developmentally appropriate learning to enhance success~~

- ~~2. programs based on prevention, intervention, or remediation designed to increase the number of students who earn a high school diploma and to prevent students from dropping out of school; such programs shall include components that are research-based~~
- ~~3. career and technical education programs incorporated into the kindergarten through grade 12 curricula~~
- ~~4. educational objectives in middle and high school that emphasize economic education and financial literacy pursuant to Va. Code § 22.1-200.03~~
- ~~5. early identification of students with disabilities and enrollment of such students in appropriate instructional programs consistent with state and federal law~~
- ~~6. early identification of gifted students and enrollment of such students in appropriately differentiated instructional programs~~
- ~~7. educational alternatives for students whose needs are not met in programs prescribed elsewhere in the Standards of Learning~~
- ~~8. adult education programs for individuals functioning below the high school completion level~~
- ~~9. a plan to make achievements for students who are educationally at risk a divisionwide priority that includes procedures for measuring the progress of such students~~
- ~~10. a plan to notify students and their parents of the availability of dual enrollment and Advanced Placement classes, career and technical education programs, including internships, externships, apprenticeships, credentialing programs, certification programs, licensure programs, and other work-based learning experiences, and Academic Year Governor's School Programs and the qualifications for enrolling in such classes, programs, and experiences, and the availability of financial assistance to low-income and needy students to take the Advanced Placement examinations~~
- ~~11. identification of students with limited English proficiency and enrollment of such students in appropriate instructional programs, which programs may include dual language programs whereby such students receive instruction in English and in a second language~~
- ~~12. early identification, diagnosis, and assistance for students with mathematics problems and provision of instructional strategies and mathematics practices that benefit the development of mathematics skills for all students~~
- ~~13. incorporation of art, music, and physical education as a part of the instructional program at the elementary school level~~
- ~~14. a program of physical activity available to all students in grades kindergarten through five consisting of at least 20 minutes per day or an average of 100 minutes per week during the regular school year and available to all students in grades six through 12 with a goal of at least 150 minutes per week on average during the regular school year; such program may include any combination of (i) physical education classes, (ii) extracurricular athletics, (iii) recess, or (iv) other programs and physical activities deemed appropriate by the school board~~
- ~~15. a program of student services for grades kindergarten through grade 12 designed to aid students in their educational, social, and career development~~

~~16. the collection and analysis of data and the use of the results to evaluate and make decisions about the instructional program~~

~~17. a program of instruction in each government course in the school division on all information and concepts in the civics portion of the U.S. Naturalization test~~

~~18. a program of literacy instruction that is aligned with science-based reading research and provides evidence-based literacy instruction to students in kindergarten through eight that is consistent with the school board's divisionwide literacy plan~~

~~Timely written notification is provided to the parents of any student who:~~

- ~~• undergoes literacy and Response to Intervention screening and services;~~
- ~~• does not meet the benchmark on any assessment used to determine at-risk learners in preschool through grade 12, which notification includes all such assessment scores and subscores and any intervention plan that results from such assessment scores or subscores; or~~
- ~~• receives reading intervention services. Parents of each student who receives reading intervention services are notified before the services begin.~~

INSTRUCTIONAL GOALS AND OBJECTIVES

The **[BLANK]** School Board is committed to providing a comprehensive program of instruction for grades kindergarten through 12 that is consistent with the requirements of Virginia law and meets or exceeds the Standards of Learning established by the Board of Education. Students are expected to achieve the educational objectives established by the school division at appropriate age and grade levels.

The division's program of instruction emphasizes:

- skills of communication including reading, writing, and speaking;
- mathematical concepts and computations;
- proficiency in the use of computers and related technology;
- computer science and computational thinking, including computer coding and scientific concepts and processes;
- essential skills and concepts of citizenship, including knowledge of Virginia, U.S., and world history;
- economics, government, foreign languages, and international cultures;
- health and physical education;
- Environmental issues;
- Geography necessary for responsible participation in American society and the international community;
- fine arts, which may include, but not be limited to, music and art, and practical arts;
- knowledge and skills needed to qualify for further education, gainful employment, or training in a career or technical field; and
- development of the ability to apply such skills and knowledge in preparation for eventual employment and lifelong learning and to achieve economic self-sufficiency.

The Superintendent is responsible for implementing this policy consistent with applicable Board of Education guidelines. This policy and implementing regulations will be reviewed periodically to ensure alignment with the Virginia Standards of Learning, the Standards of Quality, and other legal requirements.
