MEETIN DATE:

9/15/2026

TOPIC:

Approve Resolution R-20-26, National School Lunch Week

BACKGROUND:

First declared in 1962, the annual observance of National School Lunch Week promotes the importance of a healthy school lunch in a child's life and the impact it has inside and outside of the classroom.

The National School Lunch Program (NSLP) serves nearly 30 million children every school day to ensure the health and well-being of all public school students, boost academic performance by giving students the fuel they need to succeed, and closed the opportunity gap for children across the country. The program reduces childhood hunger and also supports American agriculture.

RATIONALE:

The WJCC Child Nutrition Services Program provides lunch and breakfast to students daily, while adhering to strict nutrition standards and navigating student food allergies. Research demonstrates a strong relationship between nutrition and readiness to learn. The meals served to students provide the energy and nutrients for optimal cognitive development and performance. Williamsburg-James City County has exceptional Child Nutrition Services staff members in each of the sixteen schools, and the division is proud to recognize the difference school nutrition professionals make for every child who comes through the cafeteria.

The week of October 12-16, 2026, is recognized as National School Lunch Week.
