

**Title: School Division Goals and Objectives****Code: AE****Book: WJCC Policy Manual****Section A: Foundations and Basic Commitments**

The Williamsburg-James City County school division is committed to excellence in education, equality of educational opportunity, and the recognition of each student's individuality. Inasmuch as students differ in their rate of physical, mental, emotional and social growth and vary in their needs and abilities, learning opportunities are provided that are consistent with personal development and potential. Programs emphasize diagnostic and prescriptive instruction, allowing an individual approach to each student's learning style and educational needs.

The educational program introduces each student to a variety of interests and subject areas that offer exposure to the range of opportunities available in later years. These experiences produce the basis for further education and future employment. As students demonstrate increased maturity, they may assume more responsibility for the decisions regarding their education.

The school environment should be responsive and conducive to learning. The physical environment facilitates and enhances the learning experiences available to each student. A responsive environment includes competent, dedicated teachers using a variety of techniques and a classroom atmosphere where students can function and develop according to their abilities. Safety, physical comfort, and well-maintained facilities are vital environmental components.

Standards of Quality and Objectives

The school board accepts the overall goals of public education as expressed in the Standards of Quality legislated by the Virginia General Assembly and implemented by Virginia Board of Education regulations.

The school board and the superintendent report division compliance with the Standards of Quality to the Board of Education annually in a manner consistent with the Board guidelines.

Standards of Quality - Programs and Services

The school board commits itself to providing programs and services consistent with the Standards of Quality and applicable state and federal funding provisions.
